

I am a satellite radio listener, and I strongly support their rights to broadcast local traffic and weather. I pay a monthly fee to enjoy the services of satellite radio, and I appreciate that it offers such wonderful variety and unique programming. Because I pay for it, I do not believe satellite radio should have its programming dictated by the National Association of Broadcasters.

I respectfully urge the FCC to reject the NAB's petition 04-160. Satellite radio offers me choices, and that is why I choose to pay \$9.95 a month for it.

Take care,
Suzanne Feinstein
